

Series – Good Habits With Giving Christ More in 2024, part 1

Message Summary: Everyone has habits – Everyone has routines. We do these things without hardly any thought or effort. That’s why they’re habits. We now instinctively do these behaviors. The right habits help us live life well. The very same thing can be said about following Jesus. Our series is all about developing the habits that will help you give to Jesus in a more consistent way. Just like your morning routines help you be consistent, so do spiritual habits. Without them you will forever flounder.
